# SB195BT > Connected TV

You will need to ensure all the HDMI_CEC settings are set to ON.

Step 1

Press Menu to reveal the display shown, use the cursor keys to select Option and press OK

Step 2

Using the cursor keys select HDMI_CEC (default will be OFF)

Press the OK button and then set all the subsequent settings to ON

Note

If after connection you do not hear the sound but connection is made please set sound settings as shown:

SPDIF Mode - Choose betwell Off/Auto/PCM when connected to non-Dolby compatible device.
